FAQs / Troubleshooting

I finished the course assignments, but I don't see the credit on my transcript.

- The learner has not checked something off as complete.

- The learner has archived an assignment. Click on the Assignments tab and then click on the "Archived" assignments to see if there are any assignments in there. If so, unarchive them.

- The learner has not mastered the assessment – it will be marked complete automatically when 80% mastery is achieved

- The learner has not watched an "EI Video Clip" all the way to the end. It will be marked complete automatically when the clip is watched in one sitting.

PowerSchool

How do I mark the EI Assessment complete?

- You cannot manually mark the Assessment complete.

- Instead, the system marks the Assessment complete automatically when the user reaches at least 80% correct.

How do I mark the EI Video Clip complete?

- You cannot manually mark the EI Video Clips complete.

- Instead, the system marks the Video Clips complete automatically when the user watches the entire clip from start to finish.

- These are different from "EI Video Assignments" which are used to assign multiple clips and can be marked complete by the learner.

PowerSchool

I encountered a dead link inside one of the assignments. What do I do?

- On occasion, links to articles/videos from 3rd party websites are moved or updated.

- Ed Impact does not control those links as they are to websites like Edutopia, TED Talks, Understood, etc.

- Ed Impact's instructional design team will respond immediately to dead links and update the assignment quickly.

- Please email support@educationalimpact.com if you encounter dead links.
