

22 Components of Great Teaching

Course Overview: What is great teaching? How would you define it? What are the essential components? In order to impact instruction, it is critical to have a common definition of good teaching. In this course, you will see how teacher evaluation expert, Charlotte Danielson, has organized these essential components into 4 domains. Through detailed commentary from Charlotte, you will gain a thorough understanding of Domain 1: Planning and Preparation, Domain 2: Classroom Environment, Domain 3: Instruction and Domain 4: Professional Responsibilities. These postings will be cumulative and serve as an ongoing portfolio of work related to this course. Your instructor/group leader can view your responses and can comment on any of your postings. Your instructor's postings will appear inside of the Instructor Journal. If there are other learners in your group, they are NOT able to view these entries.

The group discussion board will provide all of the learners in your group or class with opportunities for discussion, collaboration, reflection, and in certain cases peer review within their group or PLC. There will be different discussion boards created for different topics. Be sure to post to the correct discussion board... as assigned by your instructor. Leave an insightful comment and add to the thread to maintain interaction and build collaboration.
- **Reading/Writing/General Assignments:** These assignments can include an attached URL or file. Writing and General assignments also include a text box for you to provide a written response.

- **Assessments:** When whole modules of EI video are assigned, the corresponding multiple choice assessment will be included. This 20 question assessment is specific to the EI video content presented. In order to pass the assessment, you must achieve 80% (16/20). If you do not pass the assessment, you can try again. When you are successful, the EI system will mark the assessment as complete and you can access a certificate of completion.
